Dr. Harmon McAllister  
The Council for Tobacco Research-U. S. A.  
900 Third Avenue  
New York, New York 10022

Dear Dr. McAllister:

I am writing to notify you of the FASEB Summer Research Conference on Folate, B<sub>12</sub> and One Carbon Metabolism to be held August 2-7, 1992 in Saxton's River, Vermont, and to solicit support from the Council for Tobacco Research for the meeting. The program this year places a major emphasis on the the biosynthesis and transport of folic acid and vitamin B<sub>12</sub>.

As you know, our ability to reimburse speakers for their expenses and to pay travel for younger participants depends on raising funds for this purpose. We need to raise about \$40,000. In this lean year, we are anticipating rather minimal support from NIH and NSF. We hope that the Council for Tobacco Research will be willing to contribute a few thousand dollars to support the meeting, and we have been grateful for support from the Council in the past. Checks should be made out to FASEB, and mailed to me. Support will be acknowledged in the program and at the meeting.

We are looking forward to an exciting meeting, with a diverse group of participants from the pharmaceutical industry, universities and medical centers. Thank you in advance for your help.

Most sincerely yours,

*Rowena Matthews*
